ANNUAL MEETING OVER

And the O-P. Officials Leave for Home.

Four Players Offered Drumm for "Garlic" Lauzon—Ingerton Looks Good to Marty Hogan.

There is still a chance that the Ohio and Pennsylvania league will expand and take in two more clubs, making a ten-club circuit. At the adjourned meeting of the league at the Hollenden hotel in Cleveland yesterday morning an application for membership was received from Dan Koster, the president of the Erie club. Inasmuch as Sandusky and Zanesville had already petitioned for membership, and it being understood that Lima would like to enter the organization, President Charles Morton was instructed to visit the four cities named and make a report upon the advisability of taking in two more clubs, his report to be made at

postponed until the special meeting. The decision on the length of the season was deferred until the league gets together again. Action at this time was impossible as it is not known whether there will be eight or ten clubs in the league.

Most of the representatives left by 5 o'clock. President Morton going at once to Erie to have a talk with the Erie club owners.

Contrary to expectations, no trades or players were made during the two-day session of the league magnates and managers. Billy Smith, the Newcastle manager, who used to work for Bill Armour down at Dayton, offered Ford Drumm, of Marion, four players for Catcher Lauzon, but Drumm refused to let the veteran backstop get away. Smith is also anxious to get Dick Carroll back from Canton, but is unable to make a fight for Carroll's services, inasmuch as Newcastle neglected to place Carroll's name on its reserve list last fall. Carroll belongs to Canton.

Two of the league managers are anxious to secure "Scout" Ingerton, of the Marion team. Marty Hogan is desirous of getting him for Youngstown, while Smith thinks he would look good at the Newcastle short field. It is quite possible that there will be some lively bidding for this promising young player.

Two mail order houses, installment, have opened for business in Chicago, and the results are awaited with interest by tradespeople.

Mayor of the Opinion That Had He Occasion to Drive on East Center Street He Would Drive

There is still no relief in sight for residents of the northeastern portion of the city. Conditions have only become aggravated by the snow and ice and mud which makes Wilson Avenue practically impassable, and as Center street has not yet been opened it is still impossible for coal and grocers to make their deliveries.

As a result, people in that vicinity are compelled to borrow fuel from neighbors and get their other necessities in any old way possible. In many cases, this works a great hardship for the reason that there are many households in which there are

a meeting to be held here as soon as Morton has made his swing about the circle. This session will probably be held within ten days, for the reason that if two clubs are admitted to membership they would desire to begin signing players as soon as possible.

As it is now, most of the other clubs of the league have their teams selected for the approaching season and the new clubs will be handicapped anyway to a certain extent.

According to Dan Koster, Erie expects to be able to secure its release from the interstate league upon the payment of \$2,500. This it is willing to do. Consequently, the O. and P. league will be under no expense to acquire the Erie territory as had been feared. Judging from the discussion of the possibilities of a ten-club league which took place in the lobby of The Hollenden yesterday, it looks as if the league magnates had experienced a change of heart and now considered the plan of expansion quite feasible. Just which two towns will be the lucky ones, however, is difficult to predict.
